Memory.

There are two classes of persons who are professionally called upon for great temporary exercises of memory, viz., dramatic performers and barristers. An actor, when about to perform a new "part," not only commits it to memory, but "studies" it, so as to make it part of himself; and all really great actors identify themselves for the time with the characters they are performing. When a "part" has once been thoroughly mastered, the performer is usually able to go through with it, even after a long interval, with very little part" at very short notice; he then imply "learns it by heart," y forgets it. I know yery well that the mind's integrity is far enough gone already, and that alrour doubts and perpetual self-defeats come upon us for just that reason. All the more necessary is it can, and stay there. Let the soul be mmovable as rock, by any threat of danger, any feeling of risk, any mere scruple, any call to believe by sheer self-compelling will. The soul that is anchored in right will do no such thing. There must, of course, be no obstinacy, no stiff holding out after conviction has

come. There must be tenderness, docility, and, with these, a most firmly kept equilibrium. Never be in a hurry to believe; never try to conquer doubts against time. Time is one of the grand elements in thought as truly as in motion. If you cannot open a doubt today, keep it till to-morrow; do not be afraid to keep it for whole years. Your correspondent "S." asks how he shall treat his balky horse. I have a plan that seldom fails to start the unruly animal in a few minutes, and if with a handful, and coax him with cafor preceding, but only add half pound him to go on, using quiet manners just tion among people who, having paid plying this remedy. It is in the worse who would rather succeed once in twenty nineteen times in twenty by gentleness. Only a gentle-man can manage a balky sugar to pint of juice; boil twenty minhorse, and while there are plenty of gentlemen in society, there are not so many gentle-men in the treatment of nimals. A very little observation and reflection will show that gentleness is mmendable as gentility, and

AGUE AND FEVER

The proprietor of this celebrated mediine justly claims for it a superiority over all remedics ever offered to the public for the safe, certain, speedy, and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and South western country to bear him testimony to the truth the assertion, that in no case whatever will it fail to cure, if the lirections are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been cine will not require any aid to keep the bowels in good order; should the patient, lowever, require a cathartic medicine after having taken three or four doses of the Tonic, a single dose of BULL'S VEG-ETABLE FAMILY PILLS will be sufficient

Read the following extract of a letter rom Mrs. Rivers, wife of Reverend Dr Rivers, one of the most learned, eloquent, and popular Ministers of the Methodist Episcopal Church, and who is at present stationed at Broadway Church, Louisville,

Louisville, Kr., Oct. 8, 1869. Dr. John Bull-Dear Sir : Many thanks to you for the medicine you have so kindly given me. I have been a great sufferer for years, and had the advise of various physicians. Some pronounced my spine, some my lungs, and some my heart to be the seat of my disease. I have been burnt, about having one inserted, when you kindly sent me your Sarsaparilla which I immediately begun to take three times a day. I had suffered terribly with a most for any length of time, and on rising to my feet I would be perfectly blind for several minutes, and would have to hold JOHN C. STEELE, to something to prevent falling.

I am most happy to inform you that the pain in my head is entirely relieved; I suffer but seldom with my spine and then not so acutely. My appetite is good; in-deed for the first time in my life I enjoy my dinner more than any meal during You kindly sent me four bottles again last night, and I began again this morning, and I hope to be entirely relieved. Please accept my heartfelt thanks and best wishes.

Very truly your most grateful friend, My journal abounds with similar letters, all of which I guarantee to be genuine and written by the persons whose names they bear. Do not suffer yourself to be imposed on. Don't be drawn away after new and doubt ful experiments. Don't risk your health by letting novices experiment upon you

My Sarsaparilla has stood the test for twenty-five years; it is still the Sarsaparilla of the day, and of the age, towering over all others in popularity and its curative qualities. Avoid all those who are trying to palm off on you other extracts of Sarsaparilla

with their trash.

so-called. Remember it is Dr. John Bull's Sarsaparilla, of Louisville, Ky., that it is the old and reliable remedy for impurities of the blood and scrofulus affection. Albear that in mind. ST. Louis, April 39. DR. JOHN BULL-Dear Sir: Knowing the efficiency of your Sarsaparilla, and

the healing and beneficial qualities it possesses, I send you the following statement of my case: I was wounded about two years agowas taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. your Sarsaparilla than in anything else wish that that is genuine. Please ex-

press me half a dozen bottles and oblige CAPT. C. P. JOHNSON. P. S .- The following was written April 30th, 1866, by Mrs. Jennie Johnson, mother of Capt. Johnson. Dr. John Bull-Dear Sir : My husband,

Dr. C. S. Johnson, was a skillful surgeon and physician in Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave your Sarsaparilla. It cured him. I have for ten years recommended it to many in New York, Ohio and Iowa, for scrofula, fever sores, and general debility. Perfect success bas attended it. The cures effected in some cases of shofula and fever sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover

Respectfully, JENNIE JOHNSON.

BULL'S WORM DESTROYE. Extract of a Letter from Georgia

VILLANOW, WALKER COUNTY, Ga.,) June 29, 1866. Dr. John Bull-Dear Sir : I have recently given your Worm Destroyer several trials, and find it wonderfully efficacious. mpany by securing It has not failed in a single instance to have the wished for effect. I am doing a pretty large country practice, and have daily use for some article of the kind.

1 am, sir, respectfully, JULIUS P. CLEMENT, M. D. P. S.—So unqualified and numerous are the estimonials in favor of my Worm Destroyer that newspaper space is entirely too small to tell its merits. It is an infallible remedy for Worms. Try it and be convinced. See my journal for a more full description.

P. S .- Mr. Johnson was the son of a ed to her friends, and for many years used my Sarsaparilla with perfect success. In Scrofula and Fever-sores Mrs. Johnson states that the cures effected were almost miraculous. Read my Journal for extended information and advice in your case.
